Welcome to the 2018 Reich Angus Ranch and K3 Ranch Bull Sale!

We are really excited for this year's group of powerful, uniform, high performance bulls.

Their natural muscling and ease of fleshing has made it really fun to watch them develop over the past two years.

Bulls from our programs are allowed to develop on their own without being pushed for maximum gains.

After weaning they are fed a silage diet with out any additional supplement until they are kicked out on grass for the summer. The bulls don't receive any grain or supplement until they are about 18 months old when we bring them home in late fall to begin feeding them for the sale.

We separate the bulls into sire groups and all bulls are fed on the same silage with textured ration program. Not only does this put the bulls on an equal level for your evaluation, but we also feel it helps with the longevity of the bulls and keeps them in a condition so they are ready to work on your cow herd.

We would like to point out that the weights at the bottom of each bull pedigree abstract are the actual non adjusted weights from here on the ranch.

We retain the right to pull semen from any bull that sells through our Sale for our own in herd use only.

The bulls are available for viewing anytime at the farms so stop in for a tour and come early sale day for a Certified Angus Beef Prime Rib lunch and stay for coffee and Pie after the sale!

See you Soon,

**Kolton and Harold
